Enema bags

Customer requirements

Packaging of empty enema bags

Product specifications

Product: empty enema bags
Bag size: 100x200 mm
Bag weight: 25 gr
Bag shape: flat pillow
Film material: OPP 35 micron
Production capacity: 30/min

Packed product: Enema bags

Packaging process

The folded enema bags are put on the integrated in-feed belt of the flow wrapper. The belt transports the product through the flow wrapper, where the rotating sealing bar will seal the bag.
