
620 SBM SEALBOY MAGNETA

Pulse sealer with magnetic closure and standard knife-option

Suitable for sealing and cutting Polyethylene and Polypropylene.

- Sealing length \varnothing 620 mm.
- Max. thickness 0.25 mm.
- Sealing width 3 mm.
- Manual operation
- Machine keeps the sealing arm closed during sealing and cooling
- Equipped with a sealing and cooling time setting
- Equipped with cutting device
- Power consumption 575 W/ 230 V.

Also available in the sizes: 235 SBM and 420 SBM

Accessories

- Work table
 - Rolloflux (film roll holder)
-

SPECIFICATIONS

Producto	620 SBM
Longitud de sellado	620 mm
Anchura de sellado	3 mm
Tipo de máquina	Selladora manual, Selladora de impulsos
Modelo	De Mesa
Envoltorio	Epoxi
De corte	Si
Control de pedal	No
Tipo de film	Film laminado, Bolsas preparadas, PVC, PP (polipropileno), PE (polietileno), Film tubular
Grosor de film	2 X 200 micron
Tipo de envase	Bolso
Sector/aplicación	Panadería, Café y té, Componentes industriales, Artículos de oficina, Embalaje y logística, Cominda animales, Tienda minorista
Tipo de producto	Granular, Polvo, Sólido
Voltage/frequency	230V-lph-50/60Hz
Power consumption	700W
Machine dimensions	79 x 14 x 20 cm (arm down)
Machine weight	10,5 kg
