
D552 AVT VERTICAL BANDSEALER

D 552 AVT is a vertical band sealer, designed for large pre-made bags that are sealed standing up.

It is ideal for powder, liquid, or solid products that would spill if sealed lying flat. The sealing head on the D 552 AVT can be rotated 90°C, from vertical to horizontal, and is also adjustable in height. The D 552 AVT has the same easy-to-operate digital control panel and PTFE seal belts as the D 552 AH. The D 552 AVT is equipped with a height-adjustable integrated conveyor belt. The speed of this conveyor can be synchronized to the sealing unit from the control panel.

Options: code seal, stainless steel construction (D 552 VTS)

SPECIFICATIONS

Product	D 552 AVT
Seal length	Unlimited
Seal width	10 mm
Type of machine	Continuous sealer, Semi automatic
Model	Floor
Covering	Epoxy
Knife	No
Pedal operated	No
Type of film	Cellophane, Laminate, Ready Made Bags, PP (Polypropylene), PE (Polyethylene)
Thickness of film	2 x 120 micron (min.2 x 20)
Type of package	Bag
Branche/Application	Bakery, Coffee & Tea, Fruit & Vegetables, Industrial Parts, Office Supplies, Packaging & Logistics, Pet Food, Shop
Type of product	Fluid, Granulate, Powder, Solid
